10th September 2026

TO WHOM IT MAY CONCERN

This is to certify that **Ms. Sahana Gopalkrishna Bhagwat** has successfully completed a **1-month-long internship** with me, working on the **AI for Education Project** at IIT Dharwad, from **18th May 2026 to 18th June 2026**.

She worked on the development of Kannada-medium educational content for the Karnataka AI-Assisted Learning Platform. Concretely, she built and executed an OCR-to-verification workflow (using the Sarvam Vision API and Claude Code) to digitize government question banks, and completed full, verified Kannada-medium question banks for Classes 9 and 10 (Science, Social Science, and Mathematics), as well as Computer Science for Pre-University Classes 1 and 2.

During the internship, she applied her skills in AI-assisted OCR tooling and educational content verification.

She has been highly adept technically and has been a very pleasant person to work with. I hereby certify her overall work as **excellent!**

Wishing her the best of luck in her future endeavors.

Regards,

Rajshekhar V Bhat
